

Patient Navigation Assessment

| Demographics | |
|--|--|
| Date: Client Name/ID#: Age/DOB: Race/Ethnicity: Self-Identified Gender: Self-Identified Sexuality: | |
| Types of Navigation Requested (Please number if prior | rities were indicated) |
| Medication for opioid use disorder (MOUD/MAT) Housing (short- or long-term) Recovery support (NA/AA, MARA) Behavioral healthcare (short- or long-term) Medical healthcare (short- or long-term) PrEP (pre-exposure) or PEP (post-exposure) Syringe access HIV testing and/or counseling HCV testing and/or counseling HIV treatment and care HCV treatment and care Overdose prevention and response training | Naloxone kits General health education Safer injection/safer use guidance Sexual health services, STI testing and counseling Wound care education and triage Health insurance/Medicaid enrollment Assistance with personal identification Food/nutrition assistance Employment and/or unemployment benefits Legal assistance Other |
| Client Picture (note: information could be gathered from | n pre-existing intake forms or over a period of time) |
| How are you feeling about your health today? | or any outstanding hoolth moods? |
| How likely does it feel that you will be able to receive care for What is your top health priority today? (short-answer or disc | |
| Where do you typically access health services/behavioral he | alth services? |
| In the past 30 days, where have you stayed a majority of the temporary with family/friends, long term/permanent reside | |
| Have you ever been arrested or incarcerated? Recently incar | rcerated? On parole or probation? |
| Have you ever served in any branch of the US military? If so, | did you ever serve in a foreign conflict? (veteran status) |
| What is your preferred drug/drugs of choice? (list and explor | re if there is polysubstance use or patterns) |
| Can you tell me how you prefer to take your drugs? (Walk m process look like for you? Route(s) of administration, differe | |

What sort of supplies would you need to make your drug use safer? Are there immediate needs around this we can help address?

Patient Navigation Action Planning Tool

First Encounter/ Navigation Planning

(The purpose of this form/worksheet is to talk through and document PN priorities listed in the above intake. It should be noted that priorities are likely to change over time or from encounter to encounter so it is useful to reassess/check in as needed.)

Patient Navigation - Client Interaction Log

Ongoing/Interaction-Level Updates

(The purpose of this form is to log updates for each client at the interaction level. Patient Navigators should ensure they are logging each interaction with the client, any actions/referrals/navigation requested and received to track progress at the client level and help inform trajectory of patient navigation services.)

| Client:_ | | | | | |
|----------------------------|--------------------|------------------------|-------------------------------------|----------------------------|-----------------------------------|
| Date: | Type of Contact | Client Request/Goal | Description of Action Taken/Planned | Progress Update or Outcome | Challenges/Barriers to Navigation |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| (Add rows as needed) | | | | | |

Notes on specific Challenges/Barriers and Actions taken to Address:

(e.g. Stigma (Drug user stigma, mental health stigma), treatment availability/access, lack of health insurance, transportation, inappropriate services to meet client need)

Patient Navigator Process Reporting Form

The purpose of this form is to outline the process-based indicators that we expect Patient Navigation Programs and Providers to be able to provide about the experience of providing PN services. The intention is to receive feedback and reflections on different challenges, barriers, success, and strategies employed by both patient navigators and the project overall. These can be summary descriptions and do not need to contain anything that might identify/link experiences to specific clients. We hope to gain a more in depth picture of the process of creating a program and providing services and how your project has addressed/overcome potential barriers to providing those services.

General Challenges and/or Barriers (can be paragraph or bulleted):

Program Level

- Overview of challenges/barriers
- How you addressed/overcame

Client Level

- Overview of challenges/barriers
- How you addressed/overcame

Resource/Community Level

- Overview of challenges/barriers
- How you addressed/overcame

What's working, What's not??

Reflections on the Process of Patient Navigation Program Creation (How do you think getting this program off the ground is going? What has worked/hasn't worked/still TBD?)

Reflections on Providing Patient Navigation Services (How do you think providing more intensive patient navigation services is going? What has worked/hasn't worked/still TBD?)

Reflections on Qualities of a Successful Patient Navigator (What are skills needed to provide effective patient navigation? Thoughts on how to build those? Supports needed to maintain PN health and sustainability in role?)

Success Stories:
