

About Us

The Tennessee AIDS Education & Training Center (TN AETC) is a program of the Comprehensive Care Center (CCC) in Nashville - one of the largest freestanding HIV Clinics in the country and is affiliated with Vanderbilt University Medical Center.

The TN AETC's mission is to provide custom designed training and technical assistance to support, motivate and educate healthcare providers to provide quality HIV care.

"This brochure is a snapshot summary of what are evolving programs. Always check for up-to-the-minute eligibility information. Some programs are explicitly elastic; others have demonstrated flexibility under certain circumstances. Experienced advocates recommend that you form relationships with program representatives, ask about exceptions, and always appeal denials." - Mark Hubbard
