CAPACITY BUILDING ASSISTANCE FOR COMMUNITY ENGAGEMENT IN THE SOUTH!

CBA SERVICES FOR SOUTHERN ENDING THE HIV EPIDEMIC (EHE) JURISDICTIONS

FACILITATION, FOCUS-GROUPING AND STRATEGIC PLANNING

Offers support and assistance relating to group facilitation, conducting focus groups, and strategic planning processes with specific attention to virtual events and convenings.

GRAPHIC DESIGN

Supports graphic design, layout, and the development of materials to southern health departments (HDOs) and community-based organizations (CBOs) focused on EHE efforts.

SOCIAL DETERMINANTS OF HEALTH AND HIV STIGMA

Identifying key drivers of the southern HIV epidemic to develop supportive approaches that address HIV stigma, cultural humility and other social determinants of health.

DATA COLLECTION & EVALUATION

Provides technical assistance related to data collection, data security and evaluation to health departments and CBOs in the South on monitoring, evaluation and learning (MEL).

YOUTH AND YOUNG ADULTS (AGES 13-24)

Exploring the unique needs of youth and young adults and determining strategies to engage and empower young people across the HIV prevention and care continuum.

PREP, PREP NAVIGATION, AND LINKAGE TO CARE

Recommends and implements technical assistance related to PrEP, PrEP navigation, linkage and retention in HIV care, payment sources for youth, and third-party billing.

WOMXN OF COLOR

Implements cultural specific approaches that support cis and trans women who identify as Black/African American, Latina, Asian/Pacific Islander, or Native American/Indigenous.

CBOS IN RURAL COMMUNITIES

Engaging rural communities to support communication, staff development/retention, program design and partnership building in local organizations to end the HIV epidemic.

PEOPLE OF TRANS EXPERIENCE

Addresses the unique experiences of the transgender community to respond to their needs related to health, access to health care, societal acceptance, and policy protections.

FAITH-BASED COMMUNITIES

Explores opportunities for religion, spirituality and leaders of faith-based communities, including non-traditional places of worship, to be supported through EHE efforts.

PEOPLE WHO USE DRUGS

Centers the voices of active drug users with dignity and respect to create non-coercive opportunities for engagement, trust building and the development of successful programs.

IMMIGRANT AND MIGRANT HEALTH

Addresses challenges faced by immigrant and migrant communities including policy issues, language, and accessing health care and public services.

GAY, BISEXUAL, & SAME GENDER LOVING MEN

Supports organizations to identify and meet the needs of gay, bisexual, and same gender loving men most impacted by HIV in the South, especially Black and Latino men.

This Capacity Building Assistance (CBA) project is offered at no cost to health departments and community-based organizations in the South. To connect with our team, please contact us at: www.nastad.org | 202.897.0035 | ksantana@NASTAD.org
