NASTAD Prevention and Care Technical Assistance Meeting: Ending New HIV and Hepatitis Infections
WASHINGTON, DC | JULY 27-29, 2016

STATEMENT OF INCLUSION

NASTAD promotes and recognizes principles of fairness, health equity, and social justice in relation to, and across, intersections of race, age, color, disability, faith, religion, ancestry, national origin, citizenship, sex, sexual orientation, gender identity, gender expression, and all other identities represented among our diverse membership. By appreciating the importance of inclusion, we acknowledge that the collective and individual talents, skills, and perspective of members and meeting attendees fosters a space of belonging, collaborative practice, innovation, and mutual respect.

AGENDA

WEDNESDAY, JULY 27, 2016

7:30 AM – 5:15 PM  |  Registration

9:00 AM – 6:00 PM  |  Exhibit Hall Open

BREAKFAST SESSIONS: 8:00 AM – 9:00 AM (breakfast provided)

Kennedy Ballroom
Breakfast and Networking
Open to all participants

Imperial I
Mentorship Dialogue
Open to health department staff participating in mentorship

9:00 AM – 9:15 AM  |  Welcome and Opening Remarks

Speaker
- Murray Penner, NASTAD

Plenary: Ending the Epidemics: A National, State, and City Approach
The session will highlight an example of national, state, and city activities to mobilize resources, policies, and political will to eliminate new HIV infections.

Speakers
- Murray Penner, NASTAD
- Johanne Morne, New York
- Demetre Daskalakis, New York City

Plenary: Updates from Federal Partners
The intent of this session is to provide a broad view of federal policy related to and the intersection of HIV, hepatitis C, and drug user health.

Speakers
- Amy Lansky, Office of National AIDS Policy, White House
- Rich Wolitski, Office of HIV/AIDS Infectious Disease Policy, Department of Health and Human Services

Featured Speaker
- Michael Botticelli, Office of National Drug Control Policy, White House

Moderator
- Murray Penner, NASTAD

Lunch on your own

Plenary: HIV Prevention and Care Program and Policy
This session will include brief updates from federal partners, but will provide ample time for questions and discussion from participants.

Speakers
- Laura Cheever, Health Resources and Services Administration, HIV/AIDS Bureau
- David Purcell, Centers for Disease Control and Prevention, Division of HIV/AIDS Prevention
- Josh Hardy, Centers for Medicare and Medicaid Services
- Lisa Kaplowitz, Substance Abuse and Mental Health Services Administration

Moderator
- Ann Lefert, NASTAD

Break
2:15 PM – 3:00 PM  
Grand Ballroom  
**Plenary: Update on Policy Implementation**  
This session will provide the latest information related to federal appropriations, the National HIV/AIDS Strategy, related Administrative priorities and the future of the Ryan White Program.  

*Speaker*  
- Emily McCloskey, NASTAD

3:00 PM – 4:00 PM  
Grand Ballroom  
**Plenary: Health Systems Integration for HIV and Hepatitis**  

*SPEAKERS*  
- Diana Jordan, Virginia  
- Terry Leach, Amida Care  
- Matt Salo, National Association of Medicaid Directors

*MODERATOR*  
- Sean Dickson, NASTAD

<th>Session 3: Forecasting Service Demand for Aging Populations of People Impacted by HIV</th>
</tr>
</thead>
<tbody>
<tr>
<td>Imperial I</td>
<td>This session will focus on using data to forecast service demand for aging populations of people at risk for and living with HIV. It will also discuss how to ensure access to and availability of the unique service needs among aging individuals.</td>
</tr>
<tr>
<td><strong>Focus:</strong> data use</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Location</th>
<th>Session 4: Health Insurance Enrollment: Preparing for OE4</th>
</tr>
</thead>
<tbody>
<tr>
<td>Imperial II</td>
<td>NASTAD, in collaboration with John Snow Inc. (JSI), will facilitate a session on health insurance enrollment and health plan navigation in preparation for the ACA’s fourth open enrollment period. The session will provide an overview of the JSI ACE Technical Assistance Center enrollment resources and NASTAD’s tax reconciliation best practices and resources. The session will also provide a forum for health departments (particularly ADAPs) to discuss challenges and technical assistance needs as they prepare for open enrollment.</td>
</tr>
<tr>
<td><strong>Focus:</strong> sustainability</td>
<td></td>
</tr>
</tbody>
</table>

### Speakers

- **Session 1:** Jillian Casey, NASTAD
- **Session 2:** Jeffrey Maras, Illinois
- **Session 2:** Carrie Rhodes, Virginia
- **Session 3:** Dr. Cynthia Gibert, Washington DC Veterans Affairs Medical Center and George Washington University School of Medical & Health Sciences
- **Session 3:** Rob Quinn, OpenlyPoz.com
- **Session 4:** Stacy Moody, John Snow, Inc.
- **Session 4:** Ann Lefert, NASTAD

Session 5: Policy and Advocacy 101
This session will explain the basics of how states can better engage and support their community in educating elected officials and policy-makers about the needs of individuals living with HIV and hepatitis.

Speakers
- Emily McCloskey, NASTAD
- Justin Rush, NASTAD

Session 6: Substance Use and Mental Health Program Partnerships
This session will discuss what it means to meaningfully integrate mental health and substance use services and care into a holistic HIV treatment and prevention program. Participants will hear from members of NASTAD’s Gay Men’s Health Equity Work Group and Drug User Health Initiative who have started programs, inclusive of these services, and offers strategies for meeting participants to consider.

Speaker
- Bob Bongiovanni, Colorado

12:00 PM-12:30 PM
Kennedy Ballroom
Lunch and Networking (lunch provided)

Plenary: Clinical Update: The Future of HIV, Hepatitis, & Substance Use Treatments
This plenary will provide an overview of the anticipated long-acting HIV agents, direct-acting hepatitis C medications, and medication assisted therapy.

Speaker
- Carl Dieffenbach, National Institute of Allergy and Infectious Disease

Moderator
- Murray Penner, NASTAD

CONCURRENT BREAKOUT SESSION B: 1:45 PM – 3:00 PM
Session 1: Toward a Gold Standard: 6 Aims of HIV Prevention and Care Programs
This session will present six aims for modernized and maximally effective HIV prevention and care programs, including a discussion on disseminating, implementing, monitoring, and evaluating the achievement of each of the six aims.

Speakers
- Amanda Bowes, NASTAD
- Jillian Casey, NASTAD

Hashtags: #NASTADPC16 #HIVPC16 | Twitter: @NASTAD
Instagram: @NASTAD1992 | Facebook: facebook.com/NASTAD
Session 2: Data Sharing Agreements
Participants will discuss and provide exemplary data sharing agreements within and across states for ADAP, care, and prevention programs. Specifically, this session will highlight agreements within health departments and between health departments and providers.

Speakers
- Curt Hicks, Illinois
- Kelsey Donnellan, NASTAD

Session 3: Leveraging Health System Data to Improve HIV Prevention and Care Services
This session will describe how HIV programs are using health systems data to improve services across HIV programs. The speakers will describe their experiences designing data analysis projects using Medicaid claims data and electronic health record data, and how the results inform the program’s service implementation strategy and evaluation. Speakers will also share lessons learned from their experiences developing the infrastructure needed to implement these projects, including establishing data-sharing agreements and engaging key stakeholders across state and local healthcare systems.

Speakers
- Demetre Daskalakis, New York City
- Debbie Wendell, Louisiana

Session 4: State Policy and Legislative Affairs Focus Group
As NASTAD delves further into state-based policy and legislative affairs and begins to work with states around plans to end the epidemic, it is important to receive feedback from our members and their staff in regards to the unique policy barriers and climates that impacts health department treatment, prevention, and care programs. This interactive focus group will serve as the blueprint for environmental scans of jurisdictions to inform the scope of our state policy and legislative affairs portfolio.

Facilitator
- Justin Rush, NASTAD

Session 5: Utilizing Expanded Partner Services to Increase Health Equity among Gay & Bisexual Men
This session will explore the changing landscape of partner services. From cost-effectiveness to linkage-to-care, participants will cover ways to expand and integrate HIV/STD partner services.

Speakers
- Daniel Daltry, Vermont
- Melissa Morrison, Tennessee
- Jessica Frassure-Williams, NCSD
Session 6: PrEP Delivery Through a Comprehensive Sexual Health Framework

This session will discuss strategies to reach and retain Black gay men/MSM in PrEP programs delivered in primary care settings. In particular, presenters will discuss strategies for engagement and retention using social networks analysis, setting up clinic-level mechanisms to deliver care services that are culturally responsive and affirming, and maximizing existing provider expertise to build a local PrEP safety-net system.

Speakers

- Keith Green, University of Chicago
- Jacky Bickham, Louisiana

3:00 PM – 3:15 PM
Roosevelt

CONCURRENT BREAKOUT SESSION C: 3:15 PM – 4:30 PM

Imperial I

Session 1: Planning Integration with Ryan White Program Part A

This session with feature how jurisdictions are working together across RW Part A and B to develop integrated plans and programs. States with differing models of integration will share their history, methods, and lessons learned through integration. This session is appropriate for staff from states that have EMAs and TGAs to discuss how they are integrating plans and coordinating prevention and care services.

Speakers

- Krissie Guerard, Minnesota
- Jeff Hitt, Maryland
- Shelley Lucas, Texas

Imperial II

Session 2: Promising Sustainability Strategies: Harm Reduction Services in a Community Health Center and a Local Health Department Billing Collaborative

Participants will discuss two approaches to strengthen the sustainability of essential HIV/STI and harm reduction services. The first case study explores how a group of local health departments in Illinois adapted a billing collaborative to cover HIV/STI prevention and treatment services. The second presents a community health center’s strategy to provide comprehensive harm reduction services, including an on-site syringe exchange, by focusing public health categorical funding to fill gaps in third-party payer coverage.

Speakers

- Jeffery Erdman, Illinois Public Health Association
- Randi Abramson, Bread for the City
Session 3: Exploring How Criminalization Impacts HIV Prevention and Care
This session will examine how criminalization impacts prevention and care and offer examples of what a state can do/has done about their criminalization statue.

Speakers
- Pat Young, Iowa
- Magalie Lerman, NASTAD
- Jasmine Philips, Helping Individual Prostitutes Survive (HIPS)

Session 4: Developing Capacity and Infrastructure for PrEP Implementation
This session covers promising practices to strengthen access to PrEP. Speakers will share key lessons learned from PrEP implementation experiences and discuss opportunities to scale up access for individuals vulnerable to HIV infection, including strategies to maximize health department and provider capacity and engage healthcare systems.

Speakers
- Jonathan Fuchs, San Francisco
- Beth Crutsinger-Perry, Washington

Session 5: Data-to-Care and Models for Re-engagement in Care
This session emphasizes what comes next following the identification of people out of care: are there successful models that can be employed to re-engage these individuals? In particular, this session highlights the role of health department staff and/or providers in conducting outreach to individuals identified as out of care. The panelists will include presenters from jurisdictions representing a range of geographical distribution and HIV prevalence.

Speakers
- Holly Hanson, Iowa
- Tim McCormick, Hawaii
- Melissa Morrison, Tennessee

Session 6: HIV Testing
This session will focus on elevating HIV testing practices through test technology, integrated testing services, and collaboration with FQHCs.

Speakers
- Liisa Randall, Massachusetts
- Jenna McCall, Maryland

Mentorship Dialogue
Optional mentorship gathering open to health department staff participating in mentorship

Session 2: Outbreak Modeling and Rapid Response Planning
This session will discuss outbreak modeling and rapid response planning – including monitoring and response to opioid-related outbreaks. This session will also discuss, per new CDC SSP guidance, the use of federal funds for syringe services via the CDC vulnerability index to prepare jurisdictions for a potential outbreak.

Speakers
- Dr. John Brooks, Centers for Disease Control and Prevention
- Diana Jordan, Virginia
- Linda Goldman, Massachusetts

Potomac
Session 3: Updates on the ADAP Crisis Task Force and the 340B Drug Pricing Program
Open to ADAP Coordinators and associated health department staff only
This session will provide a detailed discussion of confidential ADAP drug pricing information, including anticipated changes related to the impending 340B Program mega-guidance and recent ADAP Crisis Task Force negotiations.

Speakers
- Britten Pund, NASTAD
- Sean Dickson, NASTAD

Decatur
Session 4: Utilizing Data to Inform and Change the Landscape for Black and Latino Gay Men
CDC’s recent release of lifetime HIV acquisition data presented dramatic findings for Black and Latino MSM. In this session, participants will learn how to effectively utilize national and local level data to inform their prevention and care efforts to maximize service provision for BMSM and LMSM. This session will also offer an opportunity to learn about NASTAD’s Center for Engaging Black MSM Across the Care Continuum (CEBACC).

Speakers
- Michael Kharfen, District of Columbia
- Marcus Stanley, UCHAPS
- Andrea Stubbs, Shelby County

Imperial I
Session 5: Quality Management and Improvement
This session will provide considerations for using quality management and improvement projects to more actively promote client health and reduced HIV transmission, including Ryan White quality management and initiatives that ensure high-quality data for prevention, care, and surveillance.

Speakers
- Holly Hanson, Iowa
- Anne Rhodes, Virginia
