

# Ending the Epidemics:

Opportunities for Cross-Programmatic Integration  
to End HIV & Eliminate Viral Hepatitis

# Ending the HIV Epidemic: A Plan for America

## GOAL:

**75%**  
reduction in new  
HIV infections  
by 2025  
and at least  
**90%**  
reduction  
by 2030.

[www.hiv.gov](http://www.hiv.gov)

**Diagnose** all people with HIV as early as possible.

**Treat** people with HIV rapidly and effectively to reach sustained viral suppression.

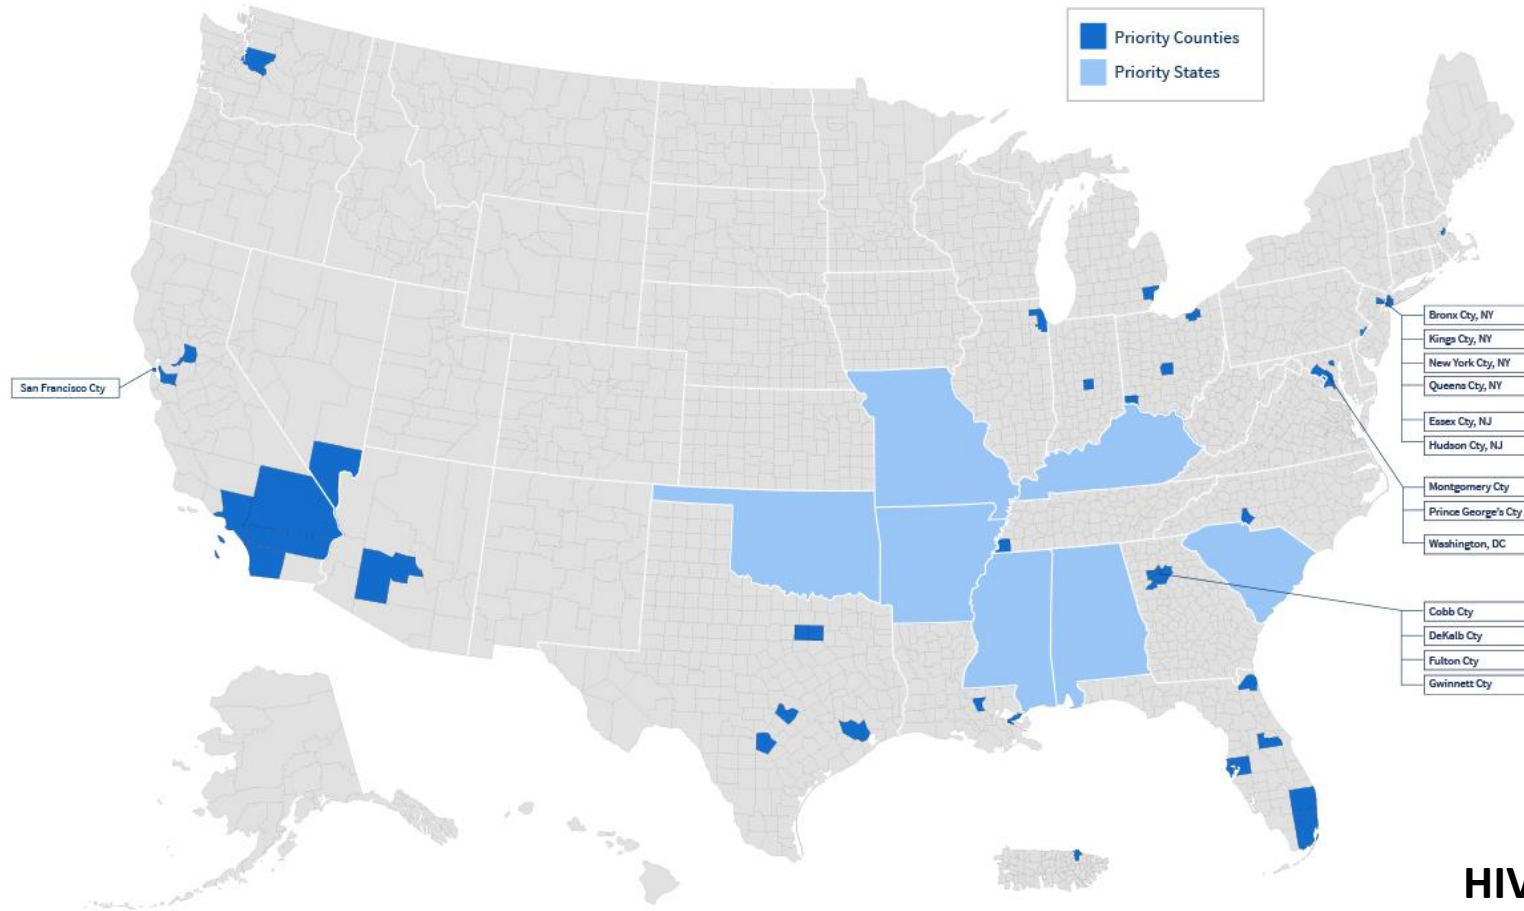

**Prevent** new HIV transmissions by using proven interventions, including pre-exposure prophylaxis (PrEP) and syringe services programs (SSPs).

**Respond** quickly to potential HIV outbreaks to get needed prevention and treatment services to people who need them.

# Key Highlights for Health Departments

---

## PS19-1906 Component B: Accelerating State and Local HIV Planning

- “Final” EHE plans are due by Dec. 31, 2020
- All plans must be posted on a public-facing website

## PS20-2010: Ending the HIV Epidemic: Integrated HIV Programs for Health Departments to Support EHE in the US

Start Date: August 1, 2020 (5-year award)

- Component A: Ending the HIV Epidemic (core)
  - **Up to 10% of award may be used for viral hepatitis/STD/TB screening activities performed in conjunction with HIV testing**
- Component C: Scaling Up HIV Prevention Services in STD Clinics (optional)

# NASTAD's Role in EHE: HRSA

---

## 20-089: EHE Systems Coordination Provider (SCP)

- **Focus:** SCP is responsible for assisting HRSA-20-078 recipients with coordinating and integrating their plans, funding sources and programs with existing HIV care delivery systems.
- **Recipient:** NASTAD
- **Proposed Activities:**
  - Assess EHE plans and identify common systems coordination priorities
  - Engaging key stakeholders across health systems by providing high-intensity TA to ten high EHE jurisdictions during year one
  - Disseminations of promising practices and innovative strategies
- **Duration:** March 1, 2020 through February 28, 2025

# NASTAD's Role in EHE: CDC

---

## PS19-1906 Component A

### Strategic Partnerships and Planning to Support Ending the HIV Epidemic in the United States

- **Focus:** Providing support for the 57 Phase 1 EHE jurisdictions
- **Recipient:** NASTAD
- **Duration:** Sept. 30, 2019 – Sept. 29, 2024

## PS19-1904 Track C Supplemental (South)

### Capacity Building Assistance Supplemental Regional Project

- **Focus:** Providing support specific to community engagement within southern EHE jurisdictions
- **Recipients:** NASTAD (South), AIDS United (Midwest), CAPTC (West), NYC CBA (Northeast)
- **Duration:** Aug. 1, 2020 – Mar. 31, 2021

# Integrating Viral Hepatitis into EHE

---

NASTAD encourages health departments to approach EHE planning through a collaborative, integrative service lens.

Effective, efficient EHE planning and implementation includes STD prevention and treatment, and viral hepatitis prevention and cure.
